THE PRESENT

It is never too early to start thinking about Mother's day gifts and what better way to start than with these Serpui Marie bags available at Professionelle.

Hip, hot & happening

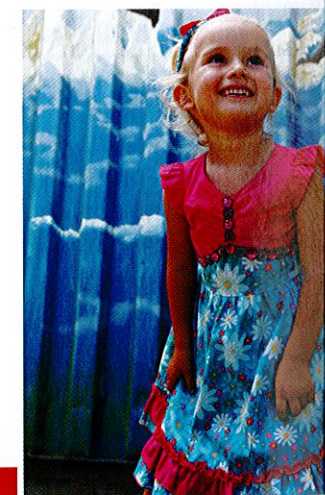

One-stop shop

With the new season's collections finally hitting the boutiques, none will have your pulses racing faster than Ounass who have, this season, quite literally outdone themselves. With international brands such as Paul & Joe and Diane Von Furstenberg and regional talents in the form of Meher & Riddhima and OTT, we really are spoilt for choice.

STRAP TO IT

With this season's major trend of wearing underwear as outerwear, Brazelle's latest offering is the perfect fit. Elegantly combining the jewellery and lingerie worlds, the novel new concept banishes boring old bra straps, replacing them with beautiful and glamorous silk and crystal versions. Handmade in Italy using Swarovski crystals, the straps are available in a wide range of colours and designs, perfect to add some extra pizzazz to any ensemble. www.brazelle.com
